suppliers and staff for another  
year as one of the

## PITTSBURGH 100!

For the second year in a row, PMTI has made the Pittsburgh 100 – the Pittsburgh Business Times' ranking of the area's fast-growing, privately held companies.

PMTI owes its success to its long technological experience, its customer base, its productive vendors, but most of all to its employees – both past and present.

It's a lesson in economics to see how all of these elements come together to create long-term success!
